

PLATT, a full-service architecture, construction, and interior design firm based in Brevard, NC, is seeking a detail-oriented Architectural Drafter to join our growing architecture team.

You will create technical drawings and details, incorporate exact measurements and codes, and enter data to generate 3-D design models. You should have a working knowledge of ArchiCad and the ability to apply the fundamentals of sketching and design to structurally sound and aesthetically pleasing architectural designs and details.

Responsibilities will include:

- Assisting senior designers with design solutions, researching materials, and detail assemblies
- Working as part of a digital design/BIM team to achieve consistent results.
- Analyzing building specifications, codes, and site conditions.
- Creating technical drawings from architects' sketches and specifications to create 3-D models and renderings.
- Using ArchiCad to create drawings that incorporate exact measurements, calculations, building codes, and other construction details.
- Printing ArchiCad drawing schematics for use by architects, construction managers, and structural engineers.
- Visiting construction sites to ensure that detail assembly is consistent with plans, and revise/update plans as needed.
- Perform site visits to review completed work.
- Collaborating with architects and structural engineers to ensure adherence to building specifications and industry standards.

Requirements:

- Bachelor's Degree and/or certification program in architectural drafting or related field
- Experience in ArchiCad, Enscape, and Adobe Suite preferred
- Excellent communication, organizational, and planning skills
- Excellent computer skills
- Ability to shift gears quickly and remain calm under pressure
- A team player

What We Offer:

- An inclusive and collaborative work environment with team support
- Comprehensive benefits package, including 401K, Medical/Dental/Vision, paid time off, sick time, and holiday pay
- Base plus annual bonus, based on company profitability
- Company support for career progression and consistent professional development
